| WordPress | Shopify |

STRENGTHS

⚙ **Problem-Solver**
Skilled at resolving complex technical issues efficiently and innovatively.

👥 **Collaborative**
Strong team player with excellent communication skills, contributing effectively to project success.

💎 **Responsible**
Demonstrates reliability, accountability, and dedication in meeting commitments and ensuring quality work.

💡 **Continuous Learner**
Committed to staying updated with industry trends and new technologies for ongoing growth.

PERSONAL PROJECTS

Amazon-replica

Created an Amazon-replica web app with React frontend, Node.js/Express backend, and Stripe for payment processing. Features replicated Amazon's functionality including product listings, user authentication, shopping cart, and secure payments.

- https://github.com/useHENI/Amazon

Apple-replica

Created Apple Replica with React, Bootstrap for frontend, Node.js, MySQL, REST API for backend. Mimicked Apple's site design with clean UI and interactive features.

https://github.com/useHENI/Apple

Zoom replica

Developed a Zoom replica application using Node.js. Users can engage in face-to-face video conferencing, simulating real-life online meetings.

https://github.com/useHENI/zoom

Netflix-replica

Crafted a visually stunning Netflix Clone using React and Node.js. The project not only mirrors the functionality but also dazzles with its captivating design.
